## DRAMA DRAWS CROWD TO DON THEATRE

The Penfold Stock Company played "Peg o' My Heart" to a big audience at the Don Theatre Thursday night and the clever company was enthusiastically received in the popular play. "Peg" won the hearts of all and was an excellent vehicle for the clever leading lady and her support.

The company is coming to the Don Theatre every Thursday night and should pack the house for the players are above the average and include on their circuit many of the larger cities. Next Thursday Mr. Penfold's players will give "The Second Marriage."

Songs and song and dance numbers are given by talented members of the company between acts.

## DANCE AND RAVIOLI SUPPER AT PANCAZZI'S FEBRUARY 25

On Saturday night after Washington's Birthday, there will be a dance and ravioli supper at Pancazzi's, Glen Ellen. The famous Harvard orchestra from San Francisco will play.

Mrs. Will Clewe has been tenderly caring for the three months old baby of her brother, Temple Smith and his wife of Sacramento. Mrs. Smith had been desperately ill with intestinal trouble but is now over the crisis, thanks to Dr. VonGeldern, son of a pioneer Sonoma family, now practicing in the Sacramento Valley.

## YOUNG GARAGE MAN KILLS FATHER AT GLEN ELLEN YESTERDAY

### WILLIAM JOHNSON SHOTS PARENT THREE TIMES FOLLOWING FAMILY QUARREL IN KITCHEN

William Johnson, who has been in the garage business at Glen Ellen for some time past, shot and killed his father, J. Albert Johnson, at noon yesterday. The tragedy occurred in the kitchen back of the garage where Johnson and his sons lived. Three shots from a .32-caliber automatic revolver were fired by the youth who declares his father had been abusive and was acting in a threatening manner. Beside the weapon which the younger man fired with deadly effect, a second gun was found by the officers back of the kitchen stove. This, the sons claim, belonged to the father.

Young Johnson and the victim of the tragedy were alone in the house

at the time of the shooting. All three shots fired took effect, one in the stomach, one in the shoulder and another in the knee. Physicians were summoned from the State Home after the tragedy but they pronounced the old man dead.

The son was taken into custody by Deputy Sheriff Ryan, who turned him over to Sheriff Boyes from Santa Rosa. Coroner Phillips was summoned.

The Johnsons came here from Auburn about a year ago and opened the garage near the post office in Glen Ellen.

No reason other than domestic discord is given by the son as cause of the unnatural crime.

## NOW HAS HEADQUARTERS IN SONOMA

Muller & Downey, the painters and decorators, now have their headquarters in Sonoma, F. Muller having established his home and office in the Dal Pogetto block.

The Flying Needles were entertained by Myrtle Thomas Helberg last Wednesday and sixteen members enjoyed a delightful afternoon. Mrs. Fred Helberg is next hostess.

## LOCAL CAPITAL IN WATER CO. MERGER

W. Chester, L. Osteyea and Miss O'Brien Resign as Directors.

The Sonoma Valley Water, Light and Power Company is being re-organized and the contemplated water merger is to be put over by a group of local capitalists who Thursday succeeded L. Osteyea, W. Chester and Miss Nellie O'Brien on the board of Directors. Mr. Chester and Miss O'Brien are out of the company.

The new officers are Otto Wagner, president; Wm. Clewe, secretary and directors are Thomas Baines, Louis Kearney and R. R. Emparan. Wagner succeeded Osteyea as president, although the latter will remain in the company and it is said take over the inoperative property of the corporation, the Emparan ranch. L. P. Kearney succeeds Nellie O'Brien and Thomas Baines takes the place of W. Chester.

The new company plans to give Sonoma, El Verano and Sonoma Vista a modern and complete water system.

Wesley Trudgen was up recently visiting his wife and baby after a siege with diphtheria. He was quarantined in Richmond where he had been employed and his sister, Mrs. Isabel Harvey was also in quarantine at the home of Mrs. Beth Winston, another sister.

## NEW HOTEL AND BUNGALOWS PROGRESS

Sam Sebastiani Adding Substantial Improvements to Business and Residence Section.

With a new three story hotel rapidly nearing completion and five modern bungalows, now building on the property recently acquired by Sam Sebastiani, 1922 promises to be a banner year for improvements in Sonoma.

The hotel interior is being plastered by Norrhom brothers and the exterior is ready for the stucco finish. Broad verandas and concrete pillars will make the hotel one of the most imposing structures in town. Rooms on both second and third floors are well lighted, equipped with every convenience and the halls are broad and airy.

Four of five bungalows planned by Mr. Sebastiani are now in the course of construction and all are reported to have been rented. Among new tenants will be Messrs. Brubeck, Skinner and Odene.

These fine improvements in the heart of Sonoma will add greatly to the appearance of the town, besides giving it the modern hotel facilities so desired by the traveling public. Property owners adjacent to Sebastiani are lining up with improvements to fences and sidewalks and eventually all the frontage between the hotel and the N. W. P. depot will be greatly improved.

Messrs. Sebastiani and Quartaroli, desiring to have the hotel district well lighted, are willing to install handsome electric street lights like those now in the Sebastiani tract if the city of Sonoma will furnish the light.

When the big working force has the present building completed for Sebastiani, they will be put to work on the new apartment house to be erected by the wine and cannery man on his property now tenanted by John Decanini. Modern apartments with stores on the ground floor will be built.

Mrs. Susan Whiting of San Francisco, who has been quite ill since returning from Boyes Springs, New Years, is now convalescing, which will be good news to her many Sonoma Valley friends.

## STATE WILL IMPROVE THE OLD MISSION SAN FRANCISCO DE SOLANO

HISTORIC STRUCTURE AND GROUNDS VISITED BY OFFICIALS FROM SACRAMENTO THIS WEEK. WILL ENGAGE CARETAKER

Sonoma's historic old Mission, San Francisco de Solano, was visited by a delegation of state officials from Sacramento Tuesday, who came down to talk over plans for expending \$1000 now available for restoration work. The Sacramento visitors were Messrs. Clarence Jar-

vis of the State Department of Finance, G. J. Adams of the State Architect's office and W. K. Hottel, State Land-Grading Engineer. The delegation were met by committees from the Sonoma Valley Woman's Club, the Business Men's Association and the Native Sons, whose representatives were Mrs. Perle Hunter, Mrs. Woodworth, Miss M. Stofen, E. T. Casson, L. Bancroft, W. L. Murphy, L. H. Green, R. Hotz, Paul Robin, J. F. Prestwood and A. W. Adler.

After talking over the Mission's improvements it was decided that a caretaker should first be provided for and an apartment fitted up in the Mission, rent free to parties who will take charge of the landmark, keep it open to visitors and get what compensation that can be derived from the sale of souvenirs, post cards and fancy work from state institutions, such as the home at Eldridge. It is planned to collect historic relics and to have a free museum within the old church.

After the caretaker is installed, the grounds will be beautified with lawns and ornamental shrubs. The

## WOMAN'S CLUB NOTES

The regular business meeting including the primary election of officers was held at the Woman's Club Friday, Feb. 3. Much to our pleasure, all the officers serving the past year were unanimously elected. The officers are as follows:

President—Mrs. Perle Hunter. Vice President—Miss M. Stofen. Treasurer—Mrs. Ella Woodworth. Recording Secretary—Mrs. Carrie Burlingame. Corresponding Secretary—Mrs. Harriet Clewe. Trustees—Mrs. Hays, Mrs. Lowell, Watt, Adler and Tate. Civics—Mrs. Lulu Vallejo Emparan. Music—Mrs. Walter Murphy. Literary—Mrs. Ralph Hotz, resigned.

The Mission committee gave the following interesting report: Tuesday, with club committees and several of the Business Men's Association, a visit was made to the Mission and much satisfaction expressed by Mr. Jarvis from the State Board of Control, who encouraged the club committee to continue furthering Mission interests.

The card party was a great success, socially and financially, many thanks being due to the live wire committee.

The social afternoon Feb. 17, in charge of Mrs. Nell Clements and Mrs. L. Lutgens, promises to be of unusual attractions as Judge Rolfe Thompson of Santa Rosa will delight those present with his eloquence and Madame Maerilla will charm her listeners with vocal selections. Attend, all club members, and enjoy this treat.

L. V. EMPARAN, Club Reporter.

## APPLES GROWERS HOLD MEETING AT VINEBURG

The annual meeting of the Sonoma Valley Apple Growers' Association was held at Vineburg this week at Louis Martin's pavilion.

Officers were re-elected and affairs of the Association shown to be in excellent shape. Arrangements for the purchase of platform scales and an apple grader for the 1922 season were perfected.

After the meeting there was a little social time and refreshments through the courtesy of genial Louis Martin.

## BROKEN STEERING GEAR CAUSED ACCIDENT

E. G. Lynch, proprietor of the Sonoma Valley Dairy, had a narrow escape from serious injury when the steering gear of his delivery truck broke on a hill between here and Napa last Saturday afternoon. The car ran into a telephone pole which the impact broke off and threw Mr. Lynch out. He escaped with a slight contusion of the forehead. The truck was towed to a garage for repairs.

One of the fine things just done by the Sonoma Business Men's Association is the appropriation of \$150 to the North of Bay Counties 40,000 folders in which Sonoma will now have a share of publicity. The Business Men have asked the Chamber of Commerce to match their appropriation so that the entire Sonoma Valley may have good representation.

Other business transacted by the Association Monday night was discussion of rights-of-way on the new highway between here and Santa Rosa and renewal of offer to co-operate with Supervisor Lowell in the obtaining of any part of the 102 deeds required whenever the organization's help is desired.

It was voted to send 100 post card views of Sonoma to El Centro where the commercial secretaries from all over the state will soon meet in convention.

## FRIEND RICHARDSON FOR GOVERNOR

"I WILL GIVE YOU an economical administration. I will give you an efficient administration. I will look for no personal political advancement. I will seek to build up no political machine."

The above message comes from Friend Richardson, now state treasurer, who is a candidate for Governor on the Republican ticket to succeed William D. Stephens, incumbent. To know Mr. Richardson is to realize that he means what he says, for above all he is a sincere and dependable man, and when he pledges his efforts to bring about economy and efficiency in state business he not only intends to do so, but he has a knowledge of what can and should be done to put California on a better basis.

As state treasurer, Friend Richardson has saved the state vast sums of money and his re-election by 292,473 votes, the largest plurality received by any candidate at the last state election, proves that he was appreciated. Not personal ambition but the realization that he could be of vastly greater service as governor than as treasurer, has caused Richardson to enter the gubernatorial race. The money saved for the people in his capacity of treasurer was ultimately expended, a great deal of it extravagantly, by the present administration, and so Friend Richardson finds his hands tied and much of his good work in vain.

As Mr. Richardson and his supporters point out, the extravagance of the present administration cannot be defended. A jump of 74 per cent in two years in the face of a pledge of economy is out of all reason. Tax-ridden commission-burdened California is in serious straits and those who love their state and have its future at heart feel that there must be a change. James Rolph was feebly elected governor last election but by a political fluke was counted out. Friend Richardson will poll the handsome vote this time, for California knows he is the man for governor, the man who can put a stop to inefficiency and extravagance in high places.

As governor and adviser of the legislature he could be of unusual service to all the people of the state. His working knowledge of finances and every phase of official life at Sacramento gives him a decided advantage. Hundreds of newspapers in California can vouch for Mr. Richardson personally. For many years he has headed the state press association and has the respect and esteem of the newspaper fraternity from one end of California to the other. He is a thorough-going American, of fine physique and pleasing personality. His family life is ideal and as governor of California he would bring credit and distinction to our Golden State. We have looked over present gubernatorial timber in California very thoroughly and believe that Friend Richardson looms up way above any available for the big job of directing the destinies of this great Western state.

Get behind Friend William Richardson for governor, for it is through the confidence in him which men and women voters will express at the polls that he expects to win. He is not making his way with the aid of any political machine. He thinks it is about time that the people throw off the grasp of that expensive octopus. Those of us who have paid and are still paying for the political fattening of machine politicians think so, too.

## THE NEW MORN OF PROMISE

OUR FAITH in the really illustrious men who have been gathered around the peace table at Washington has been fully justified and the representatives of the nine nations representing the world's greatest civilizing factors have accomplished some of the greatest steps forward in the history of the human race. What really has been scrapped is not battleships and instruments of war, but the spirit of savagery. Brighter will shine the light from the Statue of Liberty, more effulgent was the day which dawned following the signing of the treaties. President Harding realizes the magnitude of it all, but purposely refrains from enthusiastic comment. However, his concluding speech before the conference was rich in the sentiment of the hour. He very conservatively states, "the faith pledged here today, kept in national honor, will mark the beginning of a new and better epoch in human progress."

To allay the suspicion stirred up by yellow journalism and self-seeking politicians he emphasizes the following: "In the revealing light of the public opinion of the world, without surrender of sovereignty, without impaired nationality or offended national pride, a solution has been found in unanimity and today's adjournment is marked by rejoicing in the things accomplished." And further on: "Few stopped to realize that here was a conference of sovereign powers where only unanimous agreements could be made the rule. There were no victors to command, no vanquished to yield. All had voluntarily to agree in translating the conscience of our civilization and give concrete expression to world opinion. No new standards of national honors have been sought, but the indictments of national dishonors have been drawn."

That the time was ripe for the arrangement and understanding is brought out by President Harding who points out the futility of national isolation in these words: "It is fair to say that human progress, the growing intimacy of national relationships, developed communication and transportation, attended by a directing world opinion, have set the stage more favorably here."

Not only has the atmosphere been clarified by the conference, but "it will seem like breathing the refreshing air of a new morn of promise," says the President.

In conclusion he sums up and points out what the nine powers, creators of a new epoch, have accomplished. "You have written the first deliberate and effective expression of great powers in the consciousness of peace, of war's utter futility and challenge of the sanity of competitive preparation for each other's destruction."

"At this table came understanding, and understanding brands armed conflict as abominable in the eyes of enlightened civilization."

"No intrigues, no offensive or defensive alliances, no involvements, have wrought your agreements; but reasoning with each other the conscious understanding has made new relationships among governments and peoples, new securities for peace, and new opportunities for achievement and attending happiness."

Aside from the great advance in civilization's progress, we of the West must rejoice in the new era of progress and growth which will come as a result of the stabilizing of affairs in the Pacific and the understanding of Far Eastern questions long in provincial dispute.

The administration may well be proud of what has just transpired on American soil.

## CHAMBER OF COMMERCE PROJECT BEING WATCHED

"SONOMA and surrounding territory are uniting on the plan to have a big Chamber of Commerce, revitalized and re-organized by the American City Bureau. Cloverdale is already functioning and flourishing as a result of that plan. And so is Ukiah, and so are other cities. There is even some hope that Healdsburg may wake up. The North Bay section is getting to be the liveliest proposition in California.—Cloverdale Reveille."

Yes, and Sonoma Valley's Chamber of Commerce should be the liveliest in California, and would be if the plan of our best boosters gets the backing it should from residents of the Valley. First of all, we must elect officers in the Chamber of Commerce who will devote themselves to its up-building and will inspire confidence and enthusiasm.

Secondly, we must rise above personal differences and pettiness by affiliating with the American City Bureau, which does big things in a professional way. With our Chamber of Commerce on such a basis, every citizen will back it to the limit.

## MAKE A BOY SCOUT OF YOUR SON

WITH ALL THE ORGANIZATIONS of every character taken into consideration, we have nothing which assures future good citizenship as much as the Boy Scout movement. A small beginning it has in Sonoma Valley, but it is worthy of a splendid growth and should appeal to every parent who has the welfare of the nation and society in general at heart. It is the most practical character-builder that has been devised and accomplishes more than church and school together in the moulding of young manhood. If you have a boy-see that he becomes a Scout, by all means. The organization is disciplinary, but not military, and is entirely non-sectarian. Let us make the Sonoma Valley Boy Scouts one of our proud assets.

PICKING COUNTY OFFICIALS would be the duty of the County Manager and a Legislative Board under the proposed new charter government for Sonoma County. The officials are now elected by the people and although the public admits to some mistakes, it is hardly probable that the voters will surrender their right to elect the official family. Where is the voter who will forego shaking hands with the politician who wants a job and who makes one feel, at least around election time that a vote is something worth while possessing? The hand-picked official would not be half as interesting as the glad-hand variety, were he ever so efficient. We hear an awful lot of getting more efficiency in public places nowadays, but since the word became so general, taxes have gone up by leaps and bounds. Some times inefficiency is offset by good, old-fashioned honesty and that means a whole lot, wherever found.

MUNICIPAL OWNERSHIP OF MILK is put forth as a suggestion from the State Division of Markets, Harry Maddox, chief. We hardly believe the taxing public will take kindly to this socialistic scheme after its experience with political milking machines. This sort of thing is good for political job holders and it is rare, indeed, where public projects are conducted in the business-like manner of private concerns. The only requirement to run the city's business or the State's is political pull. Witness some of our state market directors of the past.

THE NEWLY ORGANIZED Economy League of Sonoma County does not seem to be getting anywhere very fast. It is said that the last meeting thinned out rapidly when they started to pass the hat for expenses. They are evidently an economical bunch, all right.

A WOMAN'S AUXILIARY of the Chamber of Commerce at Santa Rosa promises to be a valuable aid in promotion work. Judging by Sonoma's experience, women's organizations get further, last longer and accomplish more than those run by their lords and masters.

## STEAMER DORA SUNK NEAR BLACK POINT

The steamer Dora, bound for this city from San Francisco with a cargo of shells, was sunk Monday morning near the beacon on San Pablo bay outside Black Point railroad bridge. No details were received except that the captain and crew escaped injury.

The Dora is a gasoline propelled craft and for years was a sailing schooner on the river and has been owned by several Petalumans.

Ralph Sands, custodian of the Black Point drawbridge confirmed the news of the sinking of the vessel and states that she is on he mud flats outside of the Black Point railroad bridge with her stern under water. He stated that she evidently sprung a serious leak while bound for this city and that her skipper made an attempt to beach her and succeeded in running her bow on the mud flat at the edge of the stream, where she is resting easily. He states that owing to her position repairs can be made and that she can be raised.—Petaluma Argus.

## GIORNOS CELEBRATE NINTH ANNIVERSARY

Mr. and Mrs. Victor E. Giorno were given a party last Saturday night in honor of their ninth wedding anniversary. Their pretty home in the Sebastiani tract was the scene of the pleasant affair and the young Standard Oil man and his wife were showered with congratulations and presented with a rich cut glass fruit bowl by the friends present. Mrs. Fiscus made the presentation.

Cards, music, and games were enjoyed by the company and at midnight there was a dainty repast partaken of.

Those present were Mr. and Mrs. A. R. Dutil and family, Mr. and Mrs. H. A. Fiscus, Mr. and Mrs. Giorno and family, Frank Giorno, Geo. Angove and Misses Stella McGill, Ethel Revie, Agnes Revie and Nellie Peterson.

Mr. Giorno and his brother are both talented singers and have contributed much in a musical way to the social and fraternal life of the community since coming here to reside. Mrs. Giorno is a member of Verdant Degree Rebekahs.

## ANOTHER DAUGHTER OF PIONEERS CROSSES DIVIDE

Mrs. Jennie T. Smyth, a daughter of the late Judge and Mrs. David I. Shattuck, who resided on the old Shattuck homestead here known as the Willows for many years, died in Santa Rosa Monday.

Mrs. Smyth was born in Mississippi in 1840, but came to California when 12 years of age. As a girl she was one of the belles of old Sonoma days and the Shattuck home was the center of much culture and socialability in the late fifties. When 17 years of age Jennie Shattuck married James Reynolds and being widowed two years later, was married the second time to Thomas N. Smyth. She was the mother of four children, one of whom is the wife of Fred Ehrlich, also of a pioneer Sonoma family. "Aunt Jennie" Smyth has resided with her children at Santa Rosa for many years past, Tom Smyth, the unmarried daughter, devoting much of her time to the care of her aged mother.

Deceased was a sister of the late Mrs. Molly Spencer and aunt of Mrs. George Hooper and the late Mrs. G. S. Harris.

After cremation in San Francisco the ashes of the pioneer mother were brought to Sonoma Valley for interment in the Shattuck plot, to rest beside loved ones gone before.

## STATE FARM SUE OVER GIRL INMATE

Application for a preliminary writ of habeas corpus freeing Betty Carey inmate at the Sonoma State Farm for Delinquent Women, was granted by the Third District Court of Appeal this week. C. E. McLaughlin, attorney for the petitioner, filed the application.

The application is directed against Ralph T. Fisher, head of the department of institutions and Blanche Morse, attendant. The writ was applied for through Darwin Smith, a Sacramento newspaper man.

Since its establishment there had been only one inmate confined in the home until a commitment was secured from Sacramento this week. The application was based upon constitutional provisions relating to the punishment of crime.

The writ was made returnable on Feb. 27.

## LOCAL PROGRESS ON ARMENIAN RELIEF

Judge Emmet Seawell, Rev. Wm. S. Short, John P. Plover and P. Pressley are the nucleus of the Sonoma County committee for orphan adoption through the Near East Relief. California has been asked to provide food and clothing for 6859 parentless children in Asia Minor, and this county's share is 130 of which ten is allotted to our community. Sixty dollars provides the bare necessities for each child and a local committee is now being organized to raise \$600, under the supervision of George C. Crowe, field secretary of the Near East Relief.

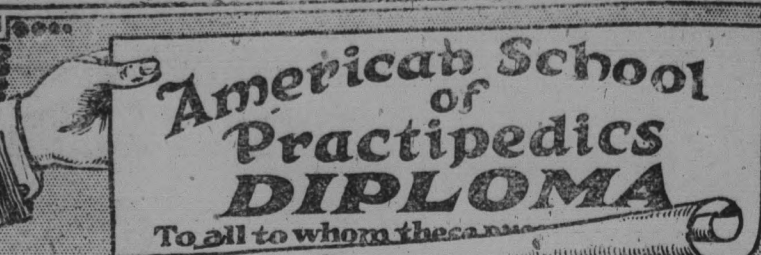

Four days will be given to the campaign in Sonoma, the last day being Bundle Day, as clothing is gladly accepted, and is counted on the quota. Local contributions will be received by the Sonoma Valley Bank.

## TRAGIC DEATH OF BASKET BALL PLAYER

Professor and Mrs. James Kenny of Petaluma have returned from San Francisco where they were summoned by the sad and tragic death of the late Miss Genevieve Theresa White, niece of Prof. Kenny who died from the result of injuries received while playing basket ball. She was a daughter of Mr. Kenny's sister and was one of the best known athletic girls of San Francisco and a beauty.

In a game between a team composed of employees of Livingston's and another store, she slipped and fell, striking her head on the floor, receiving injuries which resulted in her death on Saturday morning. She was one of the most popular girls of her set, a charming young woman and her death has occasioned much sorrow. The San Francisco papers of Monday devoted much space to articles relative to the sad tragedy.

(Interesting gleanings from El Verano's popular press agent, our old friend, Archibald McKiver)

Fred Lowell, our popular supervisor, was in town one day last week transacting business and shaking hands with his old time political supporters.

Captain Anderson was a San Francisco visitor last Saturday.

Eli Boche was in Santa Rosa on business last Saturday.

George Bruns, leading chicken man, was in Santa Rosa last week transacting business.

Mr. and Mrs. Fred England have leased the Eiben ranch, west of here. Mr. England is a foreman for the Western Union Telegraph Co.

B. McConnell motored to Frisco du last Saturday in his new King Eight.

Captain Nielson of San Francisco is the guest of relatives here this week.

Miss Nellie Andrews, popular El Verano girl, left for Los Angeles on Sunday for a visit with her sister, who resides in the southern city.

Wells Fargo Express Agent Johnson of Schellville and Dal Emparan, the water king of Sonoma were here Sunday looking things over.

George Merz left for Stockton on Monday on a business trip.

Alfred Warriner, popular Sonoma Boy, was an S. P. passenger for Mare Island Monday morning.

Jack Lucas, silver tongued orator and leading politician of Santa Rosa was here Monday in the interests of the Lucas Candy Co.

S. Adams, B. Leiser and Louis Maranoski, comrades of P. Militello in the Philippine Islands and Siberia and who took a part in the World War with Germany, were the guests Sunday of Mr. and Mrs. Militello. These gentlemen are now students of the government school at the Presidio, San Francisco.

The Parent Teachers Association gave a social and dance at the school house Friday evening, Feb. 12. A large number of students and friends were present and a good time was had by all.

Mr. Beeson of San Francisco has leased the George Maxwell ranch.

The agent of the Golden Eagle Milling Company of Petaluma was in town several days this week, disposing of a carload of chicken feed consigned to the different poultry men throughout the valley.

Buck Holley, leading middleweight boxer of the Pacific Coast, and who has trimmed all contenders, relieving Promoter Tommy Simpson of Oakland of all his spare change, is here working out with Joe White at the Parent training camp. Holly shows up well in his daily work outs and he has cleaned the best ones on the Pacific Coast. He will soon leave for the east, where he will go after the tough birds of this division, with the intention of some day landing the championship of the world in the middleweight class. Holly is fast and should have no trouble in getting off to a good start in the eastern cities.

Jake Steckmeyer attended to business and visited friends in the St. Helena valley Monday.

Walter Murphy, editor of the Sonoma Index-Tribune, passed through here Monday en route to Glen Ellen. Murphy, a Republican, is a likely

looking candidate of the postmaster-ship of Sonoma, in September. John Wagon, a Progressive, is the present postmaster and aspires to a third term.

Ranald McDonald, former lawyer, speech maker and now a contractor in Sonoma was here Monday. Ranny Mc, as he was familiarly known in olden days, and the good old days, has changed little and looks to the writer the same as he did 20 years ago. Mac at one time was a leading Sonoma politician.

Al Woodworth and wife of Woodworth's Summer Resort, St. Helena, were here Monday, guests at the Steckmeyer home. Mr. Woodworth is demonstrating for the State Farm Bureau looking over the different orchards in regard to pruning.

The Sonoma Gravel Company has completed the road leading to the gravel beds in Sonoma creek, opposite Rossi's Villa. The new company is a big thing for Sonoma Valley and no better thing could happen than to have this gravel removed from the creek, thereby giving the water a deeper channel in which to flow and making good use of the gravel in various parts of the state. Mr. Greene and son of Vallejo, widely known gravel merchants, are at the head of this big project and claim these gravel beds are as good as any in the state.

Mr. and Mrs. A. Chelini entertained a number from San Francisco at an elaborate dinner Sunday at their residence. Among those present were Mr. and Mrs. Repetto, Mr. and Mrs. Gatto and daughter, Mr. and Mrs. Gainer and family and Mrs. E. Chelini, mother of A. Chelini. An enjoyable time was had by all. Joe Chelini presented to his step mother a beautiful diamond ring. All returned home Sunday evening.

Mrs. Phil Rossi went to Port Costa Tuesday morning to meet her daughter-in-law, and little daughter who have been visiting in Los Angeles. The party returned here Tuesday evening.

Miss Grace Levoog of San Francisco was the guest the week end of her mother.

Mrs. N. Heggie of Sonoma was an S. P. passenger for Oakland Tuesday morning. Her son, Frederick, has a ranch there.

Last Friday evening a fire broke out on the E. P. Waldo ranch at Sonoma Vista. A brooder house took fire from the explosion of a lamp, burning up 100 baby chicks and a number of fine pigeons. The building was destroyed. The Boyes Springs Fire Department and also the El Verano Volunteer Fire Department were on the grounds but the flames had too much of a start to save the building. The boys did good work in preventing the fire from spreading to other buildings.

**SONOMA ORGANIZES A BOY SCOUT COUNCIL**

A citizens' committee composed of Messrs. R. B. Hunter, J. F. Prestwood, W. D. Rambo and Rev. S. E. Crowe met with the Petaluma District Councils Scout Executive Elroy A. Thomas, who is promoting the organization of a county Boy Scout council of the first class for Sonoma and Marin counties, at Mr. Hunter's home following the public meeting held at the Grammar School Monday.

The meeting resulted in the organization of a Boy Scout council for Sonoma District. Twenty-one names were chosen by the committee representative of every interest in the community, who will become members of the council with representation on the central councils executive board for the county, giving each community an equal voice in the affairs of the council.

The work will be conducted under the direction of the Petaluma District office without any expense to the Sonoma council this year. The Petaluma council is doing this as their good turn to its sister communities so that every boy in this big district north of the bay can eventually be reached by Scouting.

At the Grammar School auditorium five of Petaluma's First Class Scouts gave a very creditable demonstration of first aid which was followed by an address by the Scout executive on Scouting generally. Stress was made on the amount of unassigned leisure time of boys. He said "that the boys' idle moments are the cause of whatever trouble a boy makes in the world." The Scout program meets and bridges this gap by supplying something useful for every boy to do every minute, directing his spare time into channels of usefulness co-operating with the home, church and school by supplementing their work, thereby developing character and a high type of citizenship.

The Scouts who assisted in the demonstration were Karroll and Blythe Tripplett, Harold Farquar, Billy Ward and Roland Brooks.

Delightful refreshments were enjoyed through the hospitality of Mr. Hunter.

Here is what the Petaluma Argus said of their Scouts' trip to Sonoma: Scout Executive Thomas and his mother motored to Sonoma on Monday evening accompanied by a delegation of five of the highest type of Petaluma Boy Scouts and at the auditorium of the grammar school at that city gave a demonstration of Scouting before a large audience, the members of which were well pleased with the exhibition and the work done. The trip was made for the purpose of stimulating interest in Boy Scout work at Sonoma where a troop is shortly to be organized by the Petaluma Scout officials.

After the exhibition all repaired to the Hanger-Hunter home where a number of prominent Sonoma people were entertained, including Scout Directors Prof. Prestwood, Dr. Thomson, Dr. Hays, Adam Adler, W. N. Rambo and R. B. Hunter; also Rev. Crowe and wife, Maxwell Johnson and Cecil Hunter, Masters Johnson and Hunter being the nucleus of the new troop at Sonoma. Mrs. Hunter and Mrs. Hanger were assisted in entertaining by Mrs. C. Johnson, Mrs. George Lowell, Mrs. Ralph Hotz and Miss Gillen and after the splendid repast was enjoyed, a most delightful musical program was rendered by Mrs. Hotz, piano, and Master Cecil Hunter, saxophone, and a pleasant social evening was enjoyed until after 11 o'clock. The Petaluma delegation left for home, delighted with the demonstration, the visit, the interest shown and the hospitable entertainment by their hosts, Mrs. Hanger and Mrs. Hunter. They will long remember the visit with pleasure and hope soon to assist in the formation of the first troop in Sonoma.

### WEATHER AND CROP REPORT

(California Development Ass'n.)

January in California was unusually cold and precipitation was deficient in the southern counties where from an inch and a half to nearly two inches more than the average amount was reported as having occurred. Less than the usual amount of snow fell in the mountains, though on account of the protracted cold weather it fell at lower levels than usual. On one or two days snow fell in the valleys and in San Francisco bay region; but most of it melted as it fell or shortly afterwards. At Summit, where a snow-fall record has been kept for 16 years, the amount on the ground at the end of the month was 82 inches, which is 78 per cent. of the average. The snow is well packed and has a large water content.

Severe frosts were experienced between the 18th and 24th. They damaged citrus fruit in central and in southern California. Also the cold weather at this time injured considerable winter garden truck and in some few places young fig trees were badly hurt. On account of the cold spell being of such long duration, the damage will probably be less than at first expected, as the fruit and the plants thawed slowly and their cells in consequence will not rupture so badly as otherwise would have been the case.

Much plowing and seeding of land for barley and oats was accomplished, but neither grains nor grasses made satisfactory progress because of the cold weather. They are well rooted and the stands are satisfactory, so all that is needed is warm weather to bring them into the best of condition.

Sonoma Valley has experienced during the past month the coldest weather since 1888 and of the longest duration. Field crops are making little or no growth and rain is most welcome by hay and grain farmers. The big Jones ranch, planted to immense acreage of grain, has been awaiting rains to start good growth.

### Fruit Crops, As Reported by the California Development Association

California's green deciduous fruit crop, amounting to 40,308 earloads, worth \$60,000,000 in round numbers, has been marketed by the California Fruit Distributors, which is 5,000 more cars than were shipped in 1920. The 1921 crop brought \$10,000,000 more than the previous year. These shipments, however, do not represent the total fruit yields, as immense quantities of deciduous fruits are used by canners, evaporators and others.

Blue Star Line announce new, regular and direct refrigerator ship service between San Francisco and the United Kingdom.

California apples brought higher prices this season than either the Washington or Oregon product. The Sebastopol Apple Growers' Union announce contemplated construction of a packing house at Graton to accommodate 1922 crop. Carlot shipments of apples in 1921 from California to December 31, 4356, as against 4096 for the same period of last year.

An improved package to ship cher-

ries has long been a need of this industry. The boxes are about four inches deep, 12 inches wide, 20 inches long, holding 20 to 28 pounds of cherries. Tops, sides and bottom are made of slats with space between which permits ventilation. A solid partition is placed across the center of the box.

Since December the situation on dried fruit has progressed as anticipated, but with a much better business placed in the interim than was expected. Position of California prunes stronger. Of the 21,000 tons of peaches, it is estimated there are unsold less than 24,000 tons. Pears, only few left out of a state tonnage of 1200. Of the 6000 tons of California produced evaporated apples, there remains unsold but a small balance.

A licensed dipping plant is being installed by private interests at Turlock which will have a capacity of 25,000 grapevines. The law provides that all vines to be sold or planted must first be dipped in water at a temperature of 130 degrees F. for three minutes to kill phylloxera.

The California Olive Association have made a survey of the olive acreage in the state. The 1920 survey shows 39,374 acres, of which 28,895 are bearing and 10,479 unbearing. The Association finds about 475,000 acres in the state "available unplanted" area for olive purposes. Of this available unplanted area for olives 100,000 acres is credited to Kern county, 50,000 acres to Tulare county, 30,000 acres to Butte county, 30,000 acres to Ventura county, 25,000 acres to Imperial county, and the balance in lesser areas. Details of acreages can be obtained from the Association. The crop of Sevillano olives in the Corning district is reported as having amounted to 400 tons this season.

Indications point to large peach plantings in Sutter county. Total number of trees inspected reached 60,271 during December. Nurserymen are finding it difficult to fill the demand for canning peach trees. Probably one of the largest peach orchards in the Sacramento Valley is soon to be planted 14 miles south of Yuba City and comprises some 400 acres.

The Tulare County Pomegranate Association is sending pomegranates to the U. S. Department of Agriculture and the state university for experimentation in the making of dyes.

Statistics on prune production place Sutter County in the first rank in production per acre. One orchard produced a yield of better than six tons of dried French prunes to the acre. Colusa county raised 1500 tons of prunes in 1921.

Twenty-five thousand tons of raisins per year will be the demand of the British Isles if the plans of the California Associated Raisin Company are carried out, as they have established an office in London. More than 11,000 tons of raisins have been sold since August 1. Sale of nickel packages is expected to reach 20,000 tons.

Valley of the Moon apples packed and shipped by Sonoma Valley orchardists helped California win honors and high prices for its apple crop. Sonoma soil and climate are well adapted to apples, pears and prunes.

## ARMENIAN PROTECTION

(Communicated)

One of the most far-reaching petitions, political or otherwise, ever presented to the American public, is now being circulated.

The petition calls for immediate action on the part of President Harding for America, in conjunction with England, France and Italy, to make such protest to the Ottoman Government that their barbarities and unspeakable crimes against a helpless and perishing people of the Near East shall end forever.

Otherwise, why send food and money to these afflicted of the Near East to be fattened for a later butchery at the hands of the unspeakable Turk. It is time that the voice of America be heard.

This is in no sense a sectarian movement, as every creed and faith is aided by the generosity of America

## U. O. R. M. CONVENTION COMMITTEE MEETS

An enthusiastic meeting of the convention committee of the United Order of Redmen was held at the Helberg home in Schellville last Sunday night. Great preparations are being made to show the delegates that Sonoma Valley is the best place in all the West for hospitality and service when it comes to anticipating the needs of our guests. Although the convention is scheduled for July, plans are being matured way in advance to assure its success.

Perfect mental training, concentration, fundamental knowledge, harmony, ear training, transposition and sight reading are given from the very first lesson. Miss Dresel has private lessons and children beginners classes now under way. All those wishing to enroll will kindly register as early as possible. Telephone 5-F-3, Sonoma—Adv.

## OPENING OF LODGE CAFE TONIGHT AT CALIENTE

Bob Filippini, who has been connected with Sonoma Valley's resorts for some time past and has won many friends is opening up his own place, "The Lodge," a new resort at Agua Caliente. A congenial crowd from Sonoma, San Francisco and suburbs is expected to be at the grand opening when Bob will dispense hospitality and entertainment de luxe.

The Lodge is located on the highway in what has always been known as the little bank of Italy building at Caliente, a two story stone structure which has been artistically remodeled by the proprietor of the Lodge. The furnishings and big fire place all reflect a spirit of hospitality and welcome will be on the mat tonight for all comers.

## ACCOMPLISHED MUSICIAN, ARTIST LOCATED HERE

Mr. and Mrs. Swift and the latter's son, Eugene L. Free, have recently located in the Valley of the Moon and will be a decided addition to social and musical circles of the community.

Mrs. Swift, known professionally as Madame Maerilla, is a capable and talented musician and educationist. She had the good fortune to study with Prof. N. Strong Gilbert, piano; Prof. O. R. Farrel, voice, the latter a teacher who spent half of each year in Italy; Prof. D. G. Haine, pipe organ science and harmony, and Prof. Pryor, band musician and leader of the famous Pryor's band. It is the intention of Madame Maerilla to open classes here. She hopes to organize a choral society and to get an orchestra started in Sonoma.

Mr. Free, who is a clever dancer and instructor, will have a dancing class and with his talented mother will shortly open a studio here.

## MISS NORINE DOWER IS CHARMING BRIDE

Saturday evening saw the Innes home ablaze with lights, and gay with roses and carnations, all in holiday dress for the wedding in Glen Ellen of Norine Dower, to Nelson M. Harper of San Francisco. At eight, the wedding march began, the bride was her beautiful self in pink georgette crepe, with a shower bouquet of orchids and maidenhair ferns. Her sister, Mrs. Vivian Wherry, in pale blue taffeta and carrying pink roses, was matron of honor, while Herbert Howard attended the groom.

After a buffet supper the happy couple left for an extended honeymoon trip to New York. On their return they will make their home in San Francisco.

Another interesting event of the evening was the christening of the bride's wee niece, the daughter of Mr. and Mrs. R. B. Wherry. The small maid received the name of Rosemary Pauline.

Mrs. Harper, as Norine Dower, spent part of her school days in Glen Ellen, and will be remembered as one of the most beautiful girls in the county.

## MRS. SCHIECK POSTMISTRESS

Mrs. H. Schieck has been named postmistress at Eldredge at a salary of \$1200 per year. The appointment is an excellent one. Mrs. Schieck is the capable school trustee of Dunbar consolidated district and is a daughter of pioneer Californians. Her husband was formerly bandmaster at the State Home.

## PLEASANT TIME AT DISTRICT SCHOOL

The hospitable folks of Watmaugh School District and their generous teacher, Mrs. Leisher, had another pleasant gathering last Saturday evening at the school house for the benefit of the new organ. There was a good crowd in attendance and dancing to the syncopated harmony of Messrs. Fred Schell and Nick Wirtz was enjoyed by all present. At midnight coffee, cake and sandwiches were served by a committee consisting of Mr. and Mrs. Champlin, F. Muller, Mrs. Douglas and others.

Among those present were the Randolph, Schwartz, Yenni, Sganizini, Sgeheiza, Moseowicz, Champlin, Tallman, Douglas and Felder families, Miss Ethel Evans, Mrs. George Carpenter, Miss Peck, Dave Potter, Mrs. Batto, Mr. and Mrs. Murphy, R. L. Stanleigh, Muller and Downey and others.

## MRS. H. D. BURMESTER LOSES BELOVED BROTHER

Mr. and Mrs. H. D. Burmester were called to Oakland this week by the sad death of W. Hesse, only brother of Mrs. Burmester. While not unexpected, the passing of this esteemed young man was a blow to his family and many friends. Particular sympathy goes out to his mother who often visits here and who has already borne more than her share of sorrow, the tragic loss of her husband and the death of a beautiful daughter, all within a few years.

Mr. Hesse was 31 years of age and high in Masonic circles. A sad coincidence is that his critical illness overshadowed the festivities attending the installation of H. D. Burmester as Master of the local lodge of Masons and a similar sorrow to Mrs. Burmester two years ago when she was being installed Worthy Matron of the Eastern Star and suddenly heard of the alarming illness of her sister, who succumbed to the flu.

Mrs. Burmester and family have the sympathy of many friends in their sad loss.

## SURPRISED ON THEIR 17TH ANNIVERSARY

Mr. and Mrs. Erhardt Steiger of Schellville were surprised by a party of friends and relatives in honor of their 17th wedding anniversary last Saturday night. Old fashioned games and a fine supper marked the happy occasion and the popular couple and their daughter, Miss Evelyn were more than pleased at the thought of those who made the anniversary such a happy one. Those present were: Mr. and Mrs. Joe Keiser, Mr. and Mrs. R. L. Watt, Jack Brendall, Mr. and Mrs. E. Steiger Jr., Evelyn Steiger, Mr. and Mrs. Tony Cereghino, Mrs. M. Gilbert, Miss E. Kearney, Miss Mae Kearney, P. Kearney, L. P. Kearney, W. Kearney, J. Kearney, Mrs. N. Dowdall, John Dowdall, Margaret and Frances Cereghino.

## PROGRESS ON NEW HIGHWAY RIGHTS OF WAY

"We hope to have the Santa Rosa-Schellville work under way before long."

This additional and official word regarding the construction of the Schellville-Santa Rosa highway came Monday to Senator Herbert Slater, from President N. A. Darlington of the State Highway commission. It should stimulate every activity in the securing of the few remaining rights-of-way for this road.

Last Thursday Judge Leopold Just of Glen Ellen, visited the county seat carrying with him a number of deeds to rights-of-way for the road between Schellville and Santa Rosa. There are now but a few rights-of-way to be secured in the upper valley and these will be placed on record in the near future. There are now about fifty deeds on record. The deeds are from the following property owners along the highway: N. P. Land and Improvement Co., F. Pagani, Katrina Pedroncelli, F. Pedroncelli, J. C. Wilds, R. L. Randall, et al., G. E. Nevers, E. Bianchini, et al., Laura R. Cowan, C. E. Bonbright, Virginia Dadda, J. F. Burgess, N. Peterson, Edith A. Simcoe.

## CAPTAIN HEINKE AND WIFE MAKE IMPROVEMENTS

Captain and Mrs. Heinke, who purchased the Pinelli bungalow on Riverside Drive, El Verano, formerly occupied by Mr. and Mrs. Charles Nivet, have been making many improvements. They have had the interior repainted and refinished by Muller & Downey and have also furnished up the house most artistically. The rugs and bric-a-brac collected by the travelers show the beautiful taste of Mrs. Heinke and the home will be one of the most attractive in the valley.

## COMPLIMENT TO CHOIR LEADER

Mrs. Adelaide Savagool, the gracious and talented leader of the Congregational church choir, was given a surprise party and shower at the church Wednesday night in honor of her birthday. The affair was arranged by the choir members as a token of their esteem for Mrs. Savagool. About 40 friends greeted the popular musician and she received many useful gifts. A splendid impromptu program participated in by George Angove, Mr. Cone, Mr. Taylor and others added to the enjoyment of the evening and there were games and refreshments.

**NOTICE TO BIDDERS**

Notice is hereby given that sealed bids will be received up to and opened at 7:30 p. m., on the 25th day of February, 1922, at the Sonoma Valley Union High School Building, Sonoma, California, for the erection and completion of a two-story concrete high school building according to plans and specifications prepared by W. H. Weeks, the authorized architect, employed by the Board of Trustees.

Separate bids will be received on the General Contract and on the Heating System as called for in the specifications. Each bid must be accompanied by a certified check of 5 per cent of the amount of the bid, check to be made payable to Dr. W. B. Hays, clerk of the Board of Trustees and to be certified to by some responsible banking institution.

Bids must be made out on blank forms supplied by the architect. The plans and specifications may be seen in the office of the clerk of the Board, at the high school building, Sonoma, California, or may be obtained from the architect, W. H. Weeks, 369 Pine street, San Francisco, California. A deposit of \$20.00 will be required for plans loaned out.

The sealed bids accompanied by certified check should be mailed, or delivered to Dr. W. B. Hays, Sonoma, California.

The Board of Trustees reserves the right to reject any and all bids.

GEORGE H. CASSIDY, President;  
DR. W. B. HAYS, Secretary;  
FREDK. HELBERG,  
THOMAS JOHNSON,  
L. M. BISH,  
Board of Trustees of Sonoma Valley Union High School District.

The Sonoma Valley Apple Growers Association held a meeting at Martins pavilion on Monday evening and discussed matters pertaining to the coming season.

Our genial station agent, Grover Rabke, has had his express truck all painted up in fine style and now it looks as pretty as a movie actress, only the paint is not on so thick.

Last fall one of our old settlers told us that we were going to have a cold wet spell at the beginning of 1922 and from the looks of things we are convinced that some of the old timers know a thing or two.

At the last meeting of the Pastime Club of Vineburg, the following officers were elected: President, Frank Allen; vice president, Enrico Forni; secretary, Louis Martin; treasurer, Jim Small (an easy job for Easy Jim); directors, Gus Ronquie, Bert Monk and John Roeder. Monthly dues are now due.

**NEW DAIRY BUILDING AT U. C. FARM**

With the \$195,000 appropriation from the Board of Regents of the University of California and additional funds from the last legislature a Dairy Industry building will be constructed at the University of California farm at Davis. The State legislature in 1917 appropriated funds for a building for the dairy industry Department but the United States entering the war at that time made it undesirable to start its construction.

The building will consist of a two-story main structure of hollow tile, 234 feet long and with a dairy manufacturing wing running back 128 feet from one end of the main building. The first floor of the building will include laboratory for butter and market milk, commercial testing, student testing, farm dairy and bacteriology, and a sales room, offices and student locker room. The second floor will be occupied by three lecture rooms, seminary, reading and dairy products judging rooms, and office and storage space. The manufacturing wing will house the large creamery laboratory which will be used for teaching advanced students and those electing practice work in butter, cheese, ice cream, market milk and milk condensing.

A distinctive feature of the new dairy building is the provision for small units of equipment in each department, making it possible for each student to work independently. The increased equipment will make it possible for instructors to teach larger sections, thus accommodating a larger number of students.
